ARCHOS | 20c VISION

If you're a music addict looking for an easy to use MP3 player, the new ARCHOS 20c vision is just the product you've waited for. It comes with 4 or 8 GB* of storage space to keep all your music albums with you anywhere you go. Additionally you can display music lyrics and photos. It's the perfect music companion.

- Compatible with MP3, OGG, FLAC, APE music files
- Touch-surface buttons
- Supports MPEG-4 AVI video format (conversion needed)
- Listen to your favorite FM radio programs
- Store and watch thousands of JPEG and BMP photos[2]

Interface

The ARCHOS 20c vision features a straightforward interface without any useless details. Photo, video, FM and music are reachable in just a few clicks thanks to the intuitive touch buttons. Speaking of which, the ARCHOS 20c vision features a music library displaying your files by artist, album and song title allowing even more ease of use. Just drag and drop files from your PC to the ARCHOS 20c vision using the standard USB 2.0 connection.

Music

The ARCHOS 20c vision will meet most all your music needs. It's a small device able to hold your music library on the 8 GB* memory capacity (also available in 4 GB*). This means you can store and listen to thousands of songs.

Photo

You can also clearly show your pictures on the 2.0'' color TFT screen. It's a great way to keep a handy photo album with you.

FM radio

The ARCHOS 20c vision is also equipped with an FM radio which offers plenty of worthwhile content for your listening pleasure. And with several available FM presets, it's easy to set up. Tune in and listen to live stories, something you rarely get from your music files.
